

2021 Competitive calendar

Triumph Spitfire — 1977, 1500cc with some engine and handling modifications, but remains road legal. Entered into the Classic Marques Speed Challenge; a series of hill climbs and sprints against the clock with a power to weight handicap system so it attracts a wide array of vehicle types. Organised through membership of the CMSCC (Classic Marques Sports Car Club).

Super Mighty Mini — 1990's; 1293cc running with many performance and handling upgrades, but all within a series specific specification and race prepared to MSUK standards: Entered into the Super Mighty Mini Championship

Hovercraft — A recent build of a 'Rattler' junior craft, with a single Rotax 447 engine, single fan configuration providing both the lift and thrust. Entered into the UK Junior Championship through membership of the Hovercraft Club of Great Britain.

Mazda MX5 — 1990's MK1 1600cc, running to an almost standard performance specification; but race prepared to MSUK standards and will be used at various track days and non-competitive events this year (not shown).
